LETTER IN SOLIDARITY

SPARTAKOS SUPPORTS THE STRIKE IN THE ENERGY SECTOR

The Trade Union SPARTAKOS of workers in producing Electrical Energy at PPC S.A, absolutely understands the agony of Slovenian colleagues and stands in solidarity to your strike struggle.

With the energy issues in Greece being at stake and on the red, the last six years, and with the workers of PPC to be daily standing on the edge, SPARTAKOS very well knows the importance of all the issues aroused and leading to the strike.

The Sector of Public Energy is the strong “hoop” for the economy in many countries, while guaranteeing development prospects and this is a fact that governments must recognize and strongly maintain.

We hope that your strike will lead to the expected result and we stand in solidarity.
